

Ever Sofa & Chair Beautifully Designed with the End in Mind

Vibrantly versatile, the Ever range from NaughtOne is available as a chair and two- or three-seat sofas. It comes in an array of fabrics and finishes to harmonise with existing furniture, such as the Always family.

Designer Ric Frampton began with the end in mind, and Ever's responsibly sourced materials can eventually be easily separated with simple tools for proper recycling.

After your sofa reaches the end of its long life, which is backed by a 10-year warranty, simply return it to NaughtOne via our Take-Back Programme. We'll handle the rest, making sure each of its materials make it to the right place.

Measuring Guide

Where sustainable sources are quoted, and a chain of custody is required by a customer this must be indicated on the purchase order to NaughtOne. A chain of custody requested after an order has been placed or delivered may be difficult to recover.

Figures stated in this document may vary based on model and options selected, we have based this document on a specific example when produced in the United Kingdom. Recycled content calculations are taken from supplier information and industry averages, material variables are likely to affect the figures which may result in higher or lower percentages.

This document will be reviewed and updated periodically and is subject to change without notice.

CSR Statement

NaughtOne has always considered the environment throughout our design and manufacturing process. We understand that as we continue to grow, so does our potential impact on our surroundings. As most of our raw materials are simple, we have great control over their sources, and are proud to be able to offer FSC® certified upholstered products and use recycled metals in our table ranges. The addition of our North American manufacturing provision also helps to keep manufacturing miles to a minimum, as our market continues to grow in the USA. Finally, NaughtOne offers a Take-Back Programme, where the client is able to return the product to our factory, where we will be happy to breakdown and recycle the parts for you.
