

Tier Table

A Beautifully Refined Pedestal Table

The NaughtOne Tier Table invites people to gather in meeting, dining, educational, and hospitality settings.

Available in standing or seating heights, Tier Tables are also offered with square and circular tops at various sizes to accommodate small or large groups. The beautifully scaled stem and base can be specified by either mixing or matching the available 16 colours, plus integrated power within the table is a standard option.

It's backed by a 10-year warranty and can be returned to NaughtOne via our Take-Back Programme at the end of its long life – when we'll make sure its easily disassembled materials make it to the right place.

Where sustainable sources are quoted, and a chain of custody is required by a customer this must be indicated on the purchase order to NaughtOne. A chain of custody requested after an order has been placed or delivered may be difficult to recover.

Figures stated in this document may vary based on model and options selected, we have based this document on a specific example when produced in the United Kingdom. Recycled content calculations are taken from supplier information and industry averages, material variables are likely to affect the figures which may result in higher or lower percentages.

This document will be reviewed and updated periodically and is subject to change without notice.

Product Sustainability Statement

The Tier table is available in a range of sizes and finishes but for the purpose of this document we have a specific example from the range: Tier 600 circular cafe table with Oak veneer top.

CSR Statement

NaughtOne has always considered the environment throughout our design and manufacturing process. We understand that as we continue to grow, so does our potential impact on our surroundings. As most of our raw materials are simple, we have great control over their sources, and are proud to be able to offer FSC® certified upholstered products and use recycled metals in our table ranges. The addition of our North American manufacturing provision also helps to keep manufacturing miles to a minimum, as our market continues to grow in the USA. Finally, NaughtOne offers a Take-Back Programme, where the client is able to return the product to our factory, where we will be happy to breakdown and recycle the parts for you.
