

# Ever Sofa & Chair

Beautifully designed  
with the end in mind.

Vibrantly versatile, the Ever range from NaughtOne is available as a chair and two- or three-seat sofas. It comes in an array of fabrics and finishes to harmonise with existing furniture, such as the Always family.

Designer Ric Frampton began with the end in mind, and Ever's responsibly sourced materials can eventually be easily separated with simple tools for proper recycling.

After your sofa reaches the end of its long life, which is backed by a 10-year warranty, simply return it to NaughtOne via our Take-Back Programme. We'll handle the rest, making sure each of its materials make it to the right place.

# Product Specification

# Technical Specification

## Servicing

If a component is damaged, we will be happy to facilitate any replacements that are required. Please email our team with an image of the damaged part and reference your order number.

## Warranty

NaughtOne offers a 10-year warranty across all products. Details on the terms and conditions of NaughtOne's warranty can be found at [www.naughtone.com/warranty](http://www.naughtone.com/warranty)

## Flammability

The cold cure foam material has been tested to meet the following standards:  
British standard: 5852:2006 Part 2  
California Technical Bulletin: 117-2013  
Italian standards: UNI 9175-CLASS 1.IM

The flammability standard of the covering fabric is dependent on the choice made by the customer, details of the flammability rating of specific fabrics can be found on supplier's websites.

## Testing

# Product Sustainability Statement

The Ever Sofa is available in a range of sizes and finishes, but for the purpose of this document we have a specific example from the range: Ever 2 seat sofa with steel base.

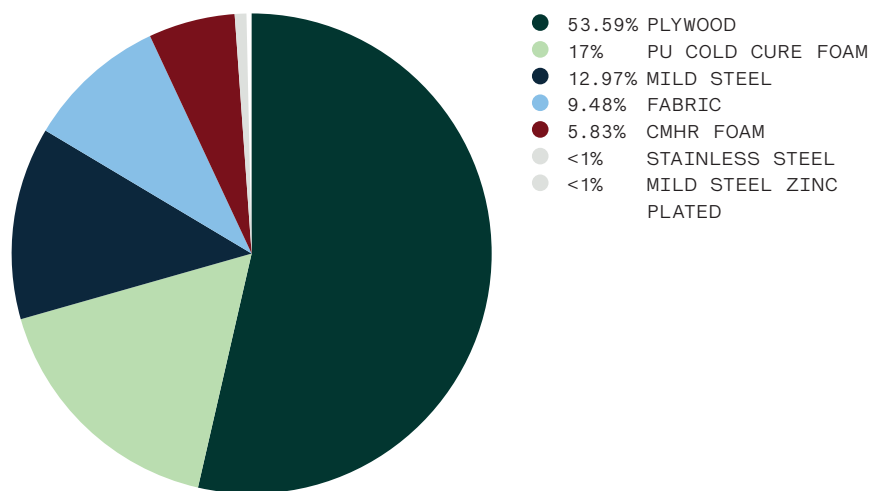

### Recyclable Content

### Recycled Content

### Material Percentage Split

Where sustainable sources are quoted, and a chain of custody is required by a customer this must be indicated on the purchase order to NaughtOne. A chain of custody requested after an order has been placed or delivered may be difficult to recover.

Figures stated in this document may vary based on model and options selected. We have based this document on a specific example when produced in the United Kingdom. Recycled content calculations are taken from supplier information and industry averages. Material variables are likely to affect the figures which may result in higher or lower percentages.

This document will be reviewed and updated periodically and is subject to change without notice.

## CSR Statement

We care a great deal about the sustainability of our products. At every stage of the process – from design to manufacturing to shipping – we seek to minimise our environmental impact. Our 10-year warranty speaks of our commitment to making quality, durable furniture that does not need to be regularly replaced. We offer FSC® certified upholstered products and use recycled metals in our table ranges. We have manufacturing facilities in North America to reduce freight miles in our largest market. And we offer an innovative Take-Back Programme that enables clients to return products to us at their end of life so we can recycle the parts. We are proud of what we have done, but we are ready to go further.
