

Pullman Desk and Desk Pod A quiet retreat.

The Pullman Desk and Desk Pod is designed to provide space for focused work or a quiet retreat without distractions in open-plan spaces.

The Pullman Desk and Desk Pods are single user freestanding desks with upholstered plinth bases. The work surface provides a space for focused work or a quiet retreat without distractions in open plan spaces – from busy offices to university communal areas. The wall panels, upholstered body, and foam construction help to provide a level of acoustic comfort needed for concentration.

Designed to fit in with the Pullman product family, and complement NaughtOne chairs, the Pullman Desk and Desk Pods maintain visual cohesion across the floorplate.

Choose from an array of attractive colours, finishes, and fabrics to tailor the Pullman Desk to your unique environment. The desk features power and data integration, including a cable zipper sleeve for discrete cable management, and can accommodate a clamp mount monitor arm.

Where sustainable sources are quoted, and a chain of custody is required by a customer this must be indicated on the purchase order to NaughtOne. A chain of custody requested after an order has been placed or delivered may be difficult to recover.

Figures stated in this document may vary based on model and options selected. We have based this document on a specific example when produced in the United Kingdom. Recycled content calculations are taken from supplier information and industry averages. Material variables are likely to affect the figures which may result in higher or lower percentages.

This document will be reviewed and updated periodically and is subject to change without notice.

CSR Statement

We care a great deal about the sustainability of our products. At every stage of the process – from design to manufacturing to shipping – we seek to minimise our environmental impact. Our 10-year warranty speaks of our commitment to making quality, durable furniture that does not need to be regularly replaced. We offer FSC® certified upholstered products and use recycled metals in our table ranges. We have manufacturing facilities in North America to reduce freight miles in our largest market. And we offer an innovative Take-Back Programme that enables clients to return products to us at their end of life so we can recycle the parts. We are proud of what we have done, but we are ready to go further.
