CSR Statement

We care a great deal about the sustainability of our products. At every stage of the process – from design to manufacturing to shipping – we seek to minimise our environmental impact. Our 10-year warranty speaks of our commitment to making quality, durable furniture that does not need to be regularly replaced. We offer FSC® certified upholstered products and use recycled metals in our table ranges. We have manufacturing facilities in North America to reduce freight miles in our largest market. And we offer an innovative Take-Back Programme that enables clients to return products to us at their end of life so we can recycle the parts. We are proud of what we have done, but we are ready to go further.

Truffle Pouf

Adaptable seating with a cheeky charm.

With clean lines and playful curves, the Truffle Pouf brings playful energy and joie de vivre wherever it pops up. Available in two sizes to complement lobbies, breakout areas and collaborative spaces, it's a comfortable seating companion that looks good from any angle

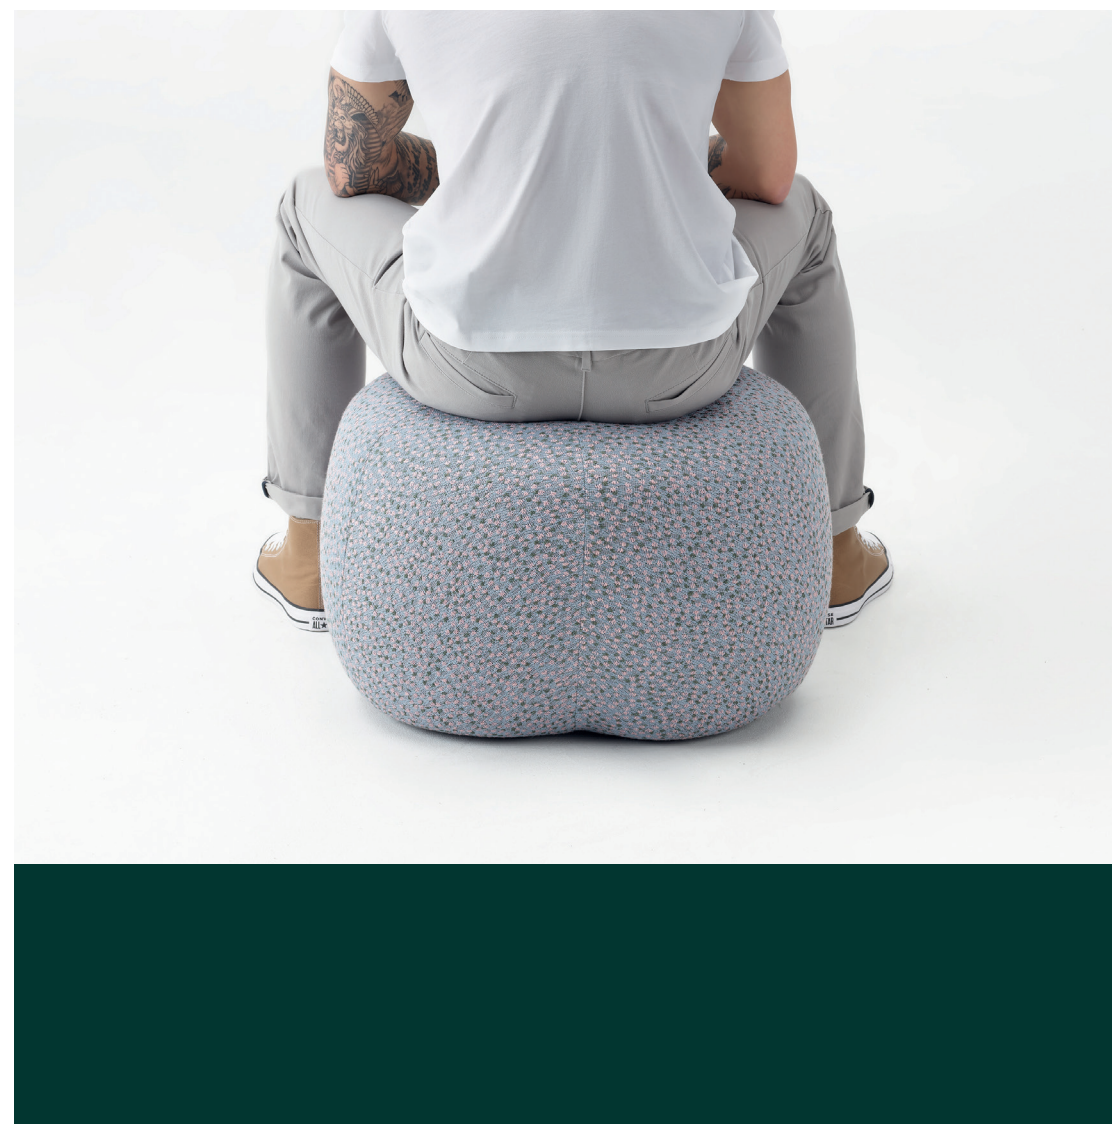

A cheeky yet practical seat and footrest, Truffle's playful design is simple and intriguing. Intentionally organic in form, its curvaceous profile charms from all sides, while the seamless top offers a smooth, durable sit.

With two sizes, Truffle supports both agile working and lounge uses. Version A's wide seat and lower sit invites lounging, whilst version B's taller work height encourages a more upright sit. Both pair beautifully with NaughtOne's Knot and Riley tables to create hotspots for connection and collaboration.

Truffle's solid Bio-Pur® foam construction features a firm inner core for stability and a softer outer layer for comfort. Bio-Pur foam uses fewer fossil fuels than traditional foams without compromising quality.

NaughtOne prides itself on its expertise in upholstery. Truffle's clever one-piece upholstery creates a seamless waterfall edge that accentuates Truffle's organic form, reveals curves on curves with the play of light, and creates surprising patterns along seams.

As always with NaughtOne, possibility is everything. Specifiers can let their imagination run free by adapting Truffle's character with their fabric choices. Create hotspots with bright colour pops, make a statement with patterns, or blend in with cool neutrals. Whether standing solo or mixed and matched in clusters, Truffle makes itself at home wherever you pull it up.

Product Specification

Truffle creates a scene when mixed and matched in clusters.

Compliance

- FSC® certified products available upon request (FSC® C134222)
- NaughtOne is FISP and ISO14001 certified
- Our seating is designed to meet or exceed all EN performance requirements per BS EN 16139:2013
